Re: Novak Sanitary Landfill

Dear Ms. Swanson:

The Respondents have proposed an addendum to the RI/FS Workplan/Field Operations Plan, a copy of which is enclosed for PADER's review and comments.

I will be out of the office from Friday, November 30th through Monday, December 17th, and would prefer to provide comments to the Respondents before I leave. If possible, please have your comments to me by Tuesday, November 27th.

Also, there is a site visit planned for Wednesday, November 21st. Mark Travers, the PRP Project Manager; as well as PADER representatives; and other EPA personnel will be there. We will meet onsite at 9:00 am. Please plan to have a Dynamac representative there.

If you have any questions, I can be reached at (215) 597-3216.

Sincerely,

Lisa Nichols
